

I would like to make this header animated, like slides, but the image and the learn more button do not change, only the texts, see the slides bellow. I also designed them, look at the updated google drive link to find it.

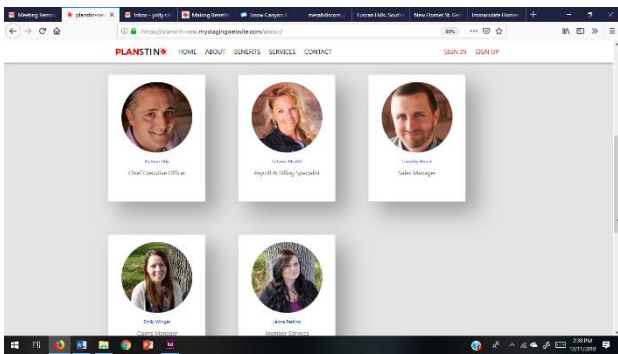

ONLY THE TEXTS WILL SLIDE OUT AND THE TEXTS OF THE NEXT SLIDE SLIDES IN... PLEASE LET ME KNOW IF YOU HAVE ANY QUESTION

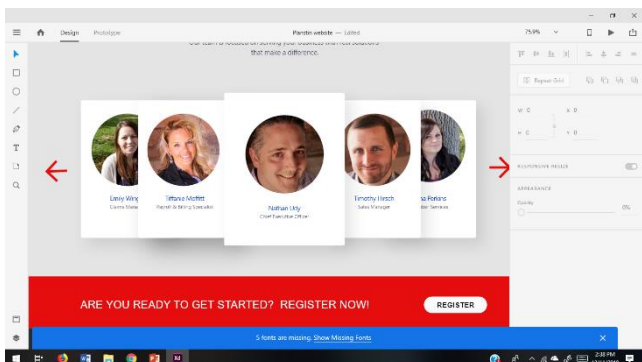

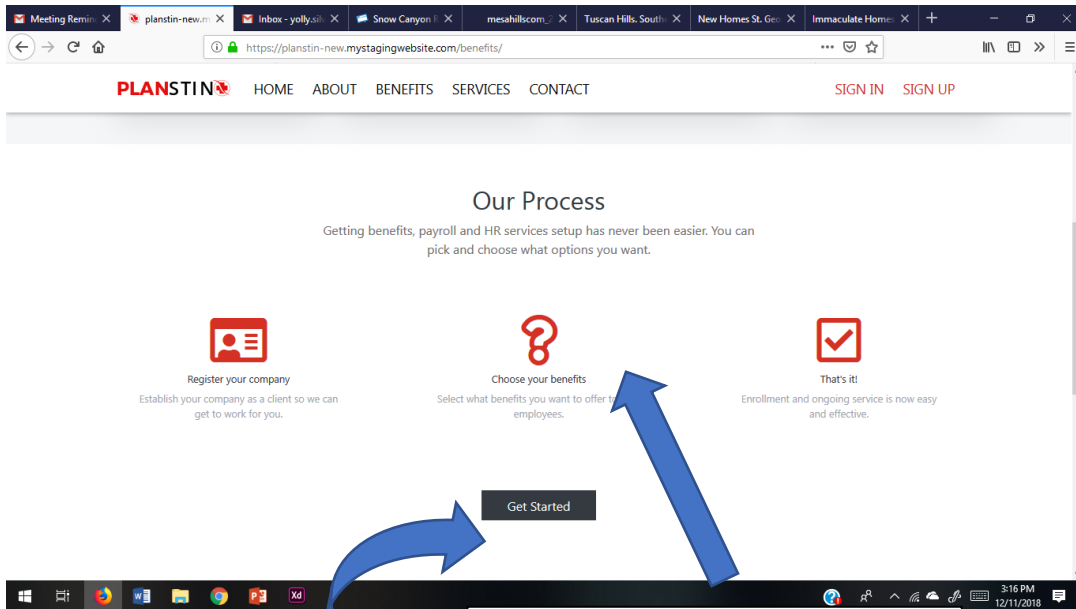

Please insert the icons that I used on the design. Want you to use font awesome pro, I have the subscription, I can give it to you so you can use it.

Don't link these to nothing for now

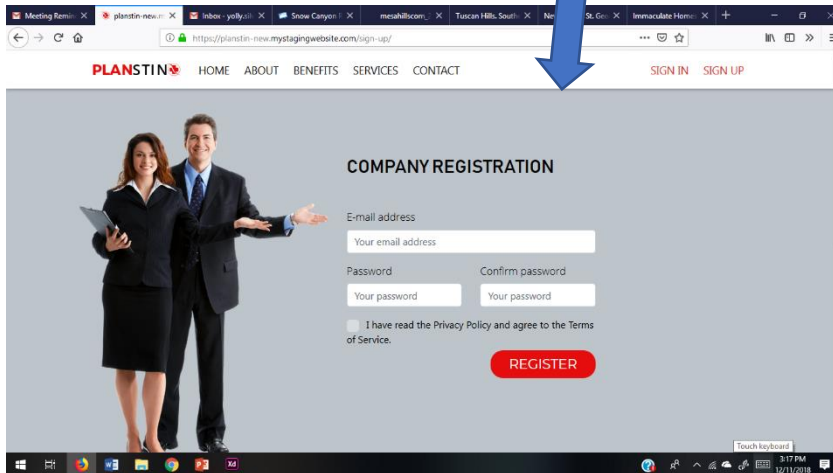

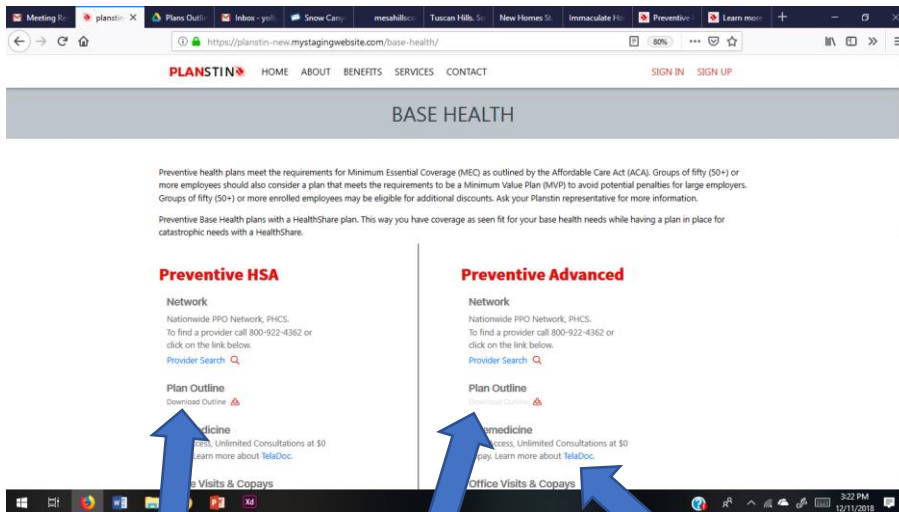

This is not what is in the design... I know that Daniel did it, But I asked you to build the website just like it was on the design, so please make it like the design.

Please use the icon from the design.
The button "get started" should be linked with the register page.

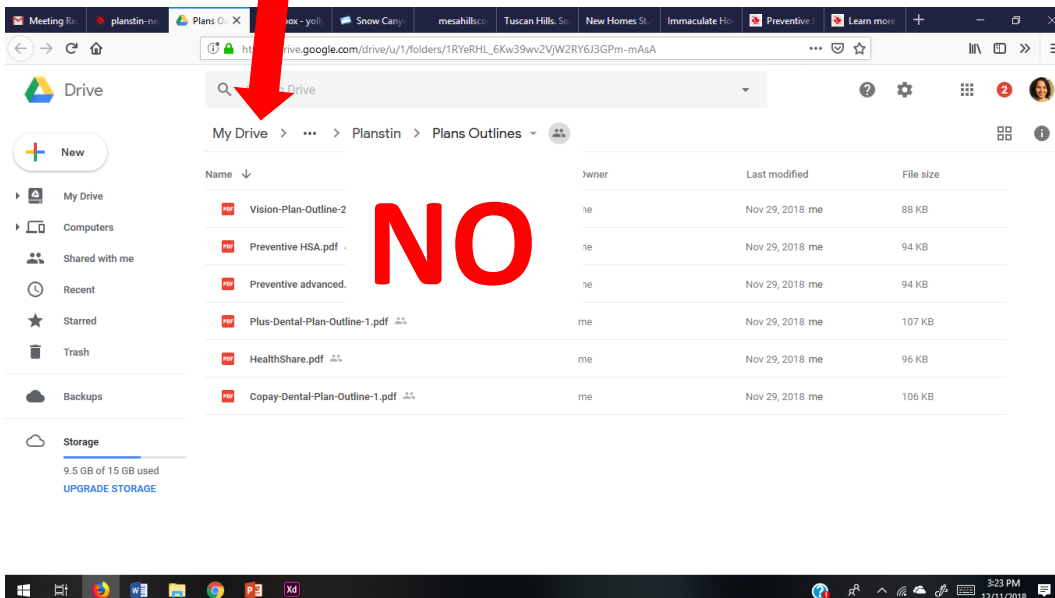

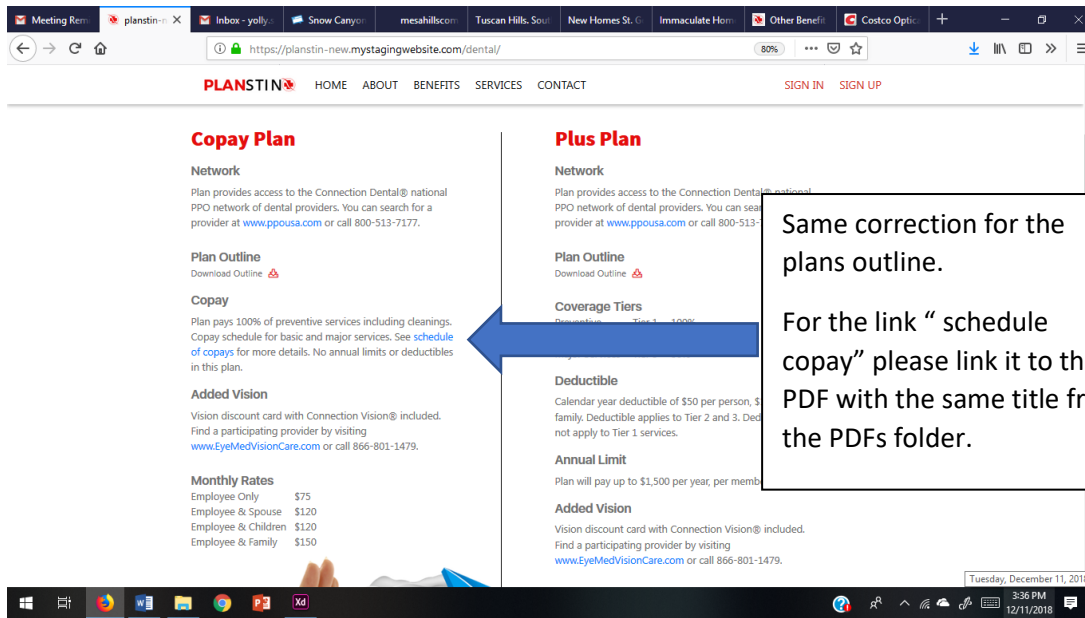

The download outline is not to take the user to my google drive folder, it is supposed to open the plan outline PDF. So please put the PDF plan outline on that link. The name of each pdf will help you to know what pdf will go with each plan.

Do the same with all the benefits

Do not link this teledoc with anything for now.

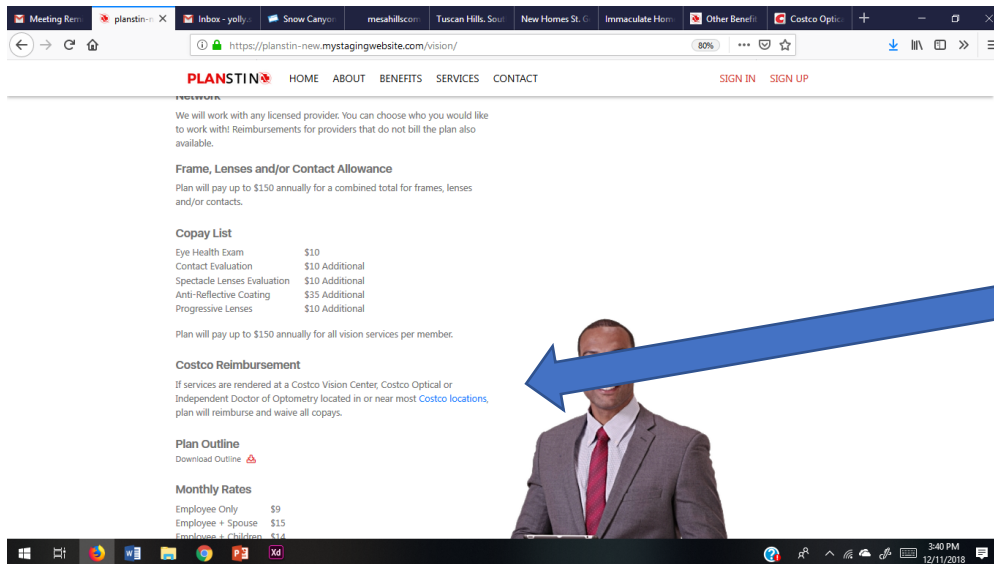

Do the same with all the benefits

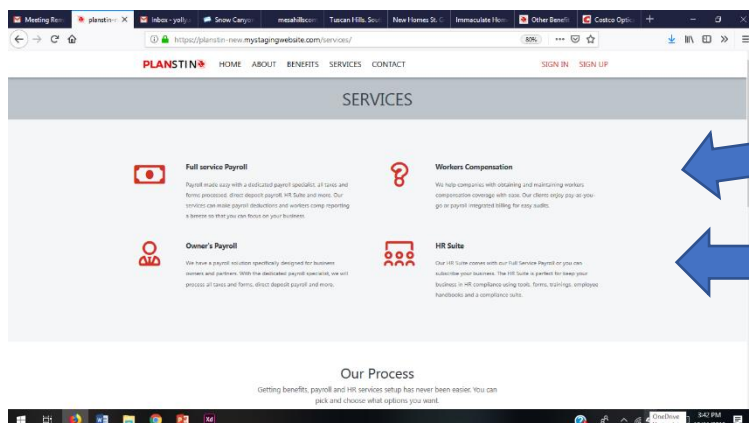

Same correction for the plans outline.

For the link “schedule copay” please link it to the PDF with the same title from the PDFs folder.

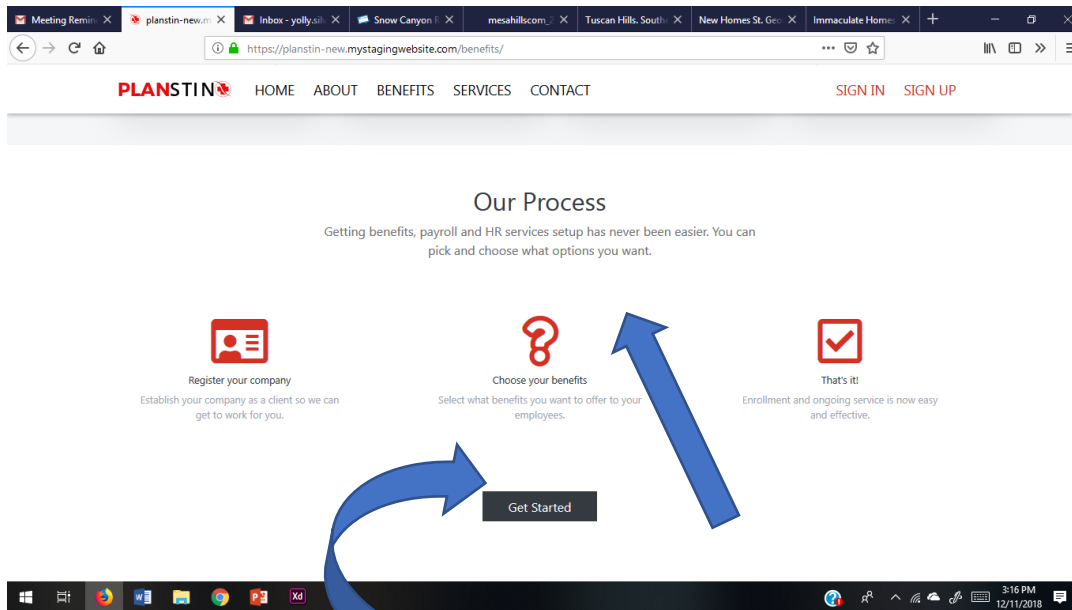

Same correction for the plans outline.

For the link “Costco locations” please link it to: <https://www.costco.com/optical.html>

Please use the icon from the design.

I don't want these services to open in a new tab... please make them all open in the same tab

Please use the icon from the design.

The button "get started" should be linked with the register page.
